SUMMARY

Results-oriented Full Stack Web Developer with expertise in React.js, Node.js, and Express.js. Skilled in creating responsive designs, scalable APIs, and dynamic web applications. Proven track record of delivering successful projects and enhancing functionality through innovative solutions. Adept at optimizing user experiences and streamlining server-side processes. Excels in front-end and back-end development with seamless integration.

PROJECTS

CMS System For Information Technology University

Developed a comprehensive CMS (Content Management System) for Information Technology University, focused on automating class schedules, course registration, and student result management. The system integrates Google Classroom functionality, providing a seamless platform for course management and communication. Built using the MERN stack, this project showcases expertise in automating administrative processes and enhancing user experience.

Video Calling Web App

Developed a video calling app similar to Zoom using Next.js and @stream-io/video-react-sdk for real-time communication. Integrated Clerk for authentication and Radix UI for interactive components like dialogs and dropdowns. Styled with Tailwind CSS for a modern, responsive design. The app showcases expertise in full-stack development and real-time video communication technologies. You can view the app here: vedio-calling-app-by-kifayat.vercel.app.

ChatGPT Clone

Developed a ChatGPT clone using the ChatGPT API and React.js, powered by Vite for efficient performance. Integrated speech recognition, Markdown rendering, and syntax highlighting with libraries like DOMPurify, Marked.js, and Prism.js. Enhanced UI with Font Awesome icons and React Router for seamless navigation. View the app here: chat-gpt-ten-omega-22.vercel.app.

EDUCATION

Bachelor's in Computer Engineering   **Aug 2022 - Present**
Information Technology University
- Major in Web Development
- Learning AI and Machine Learning

Mern Stack Development   **Aug 2023- Feb 2024**
NexSkill Institute
- Relevant coursework in Full-Stack Web Development and Project Management.

SKILLS

Front-End Development
- React.js
- Next.js
- Vite
- Responsive Design
- Tailwind CSS
- Radix UI
- ShadCN UI
- Material UI

Back-End Development
- Node.js
- Express.js

Full-Stack Development
- MERN Stack (MongoDB, Express.js, React.js, Node.js)

Version Control and Deployment
- Git/GitHub
- Vercel

Web Tools and Libraries
- DOMPurify
- Marked.js
- Prism.js
- Highlight.js
- Font Awesome
